TELEPHONE SERVICE (See page 18 of this Directory).....2511

HOW TO USE THE SERVICE

UNIVERSITY TELEPHONE SERVICE, with the exception of the hospital, residence halls, and a few outlying buildings, is furnished through a dial Private Branch Exchange located in the Illini Union. The University telephone number is 7-6611, and calls from the outside to the University are made by calling 7-6611.

SERVICE AVAILABLE

TWO CLASSES of service are available as follows:

"Regular" Service — From a telephone arranged for "Regular" service, the user may dial any University extension and make calls to, and receive calls from, the phones outside the University telephone system. Dial number plate cards on "Regular" telephones are WHITE.

"Inter-University" Service — From a telephone arranged for "Inter-University" service, the user may dial any University extension but can not make calls to, or receive calls from, phones outside the University telephone system. Dial number plate cards on these telephones are RED.

"REGULAR" SERVICE

WHEN A CALL from the outside is received at the University switchboard, the operator answers "University" and then completes the connection to the number, person, department, or function which is asked for. It is helpful to the operators, and will improve your service, if you acquaint those who call you with your extension number so that they may ask for it directly. This will save their time and reduce the number of trunk lines needed, since if the extension number is known, no time need be lost while the operator is looking it up. Remember, *"Inter-University" telephones can not be reached from outside the University.*

To make a call to phones outside the University telephone system (this can only be done from "regular" service phones), dial "9." When the dial tone is received after dialing "9," proceed to dial the number you wish.

Where the number appears in the directory preceded by the letter "B," as for example B7-3211, it means that it is a Bell telephone outside the University telephone system. To call such a number, dial "9" and after dial tone has been received, dial the number 7-3211, to use the example.

TRANSFERRING A CALL TO ANOTHER TELEPHONE

INCOMING CALLS from Champaign-Urbana or from long distance may be transferred from one "Regular" service telephone to another.

To transfer a call from your extension to another "Regular" service extension, signal the operator by *slowly* depressing and releasing the button in the cradle in which the hand-set normally rests. This operation, when done properly, will flash a lamp in front of the operator. When she acknowledges the flash by saying "Operator" say, "please transfer to extension....." giving the extension number to which you wish the call transferred. Do not call the operator on another line to ask to have a call transferred.

Calls made from University telephones by dialing can not be transferred. The party calling must hang up and then call the desired extension.

Operators are in attendance at the switchboard twenty-four hours a day. In other words, every telephone user has all his service available at any hour.

LONG DISTANCE CALLS (EXCEPT TO CHICAGO)

TO MAKE a long distance call, dial "Operator" and give her your name and extension number. She will then connect you with "Long Distance."

CHICAGO CALLS

THE UNIVERSITY TELEPHONE SWITCHBOARD is equipped with direct lines to Chicago making it possible to call Chicago without going through Long Distance. *This service is restricted to calls on official University business.* To use this service, dial "0" and advise the operator of the number you desire in Chicago. The operator will then make the required connection and dial the number that you desire. If your call is not completed (line is busy or there is no answer), you should hang up and reinitiate your call later. If all the direct lines to Chicago are in use, you will be so advised by the operator.

"INTER-UNIVERSITY" SERVICE

CALLS TO "INTER-UNIVERSITY" TELEPHONES are made by dialing the number as it appears in this directory. Be sure to wait for dial tone. Telephones outside the University telephone system can not be reached from "Inter-University" telephones.

The telephone numbers of "Inter-University" lines begin with 7 or 8.

Some "Inter-University" telephones are on two-party lines. To call the other party on a two-party line, pick up the hand-set and after hearing dial tone, dial "Operator" and replace the hand-set. Your bell will ring until the other party answers. When he does answer, your bell will stop ringing. When this happens, take up your hand-set and talk. If he does not answer, stop your bell from ringing by picking up your hand-set and then replacing it.

TROUBLE

REPORT TROUBLE with your telephone to the Chief Operator by dialing 2511.

ORDERING CHANGES OR ADDITIONS TO YOUR TELEPHONE SERVICE

WHEN CHANGES in, or additions to, your telephone service are desired, please telephone the Chief Operator by dialing 2511. She will arrange to have a Service Engineer from the Telephone Company call on you promptly. You will then prepare a form, "Request for Telephone Service," which the Service Engineer will furnish. He will explain how the order is to be worded. Fill in the appropriation or organization to be charged and have the "Request for Telephone Service" signed by the proper administrative persons. Send the white and yellow copies of the "Request for Telephone Service" to the Telephone Accounting Office, 333 Illini Union. Retain the blue copy for your files. Notification of contemplated changes in telephone service as far in advance as possible will be helpful.

NOTE: Since telephone equipment is leased on the basis that after it has been in service for thirty days it may be ordered out and charges will stop, it is important that service be removed promptly when it is no longer needed.

GOOD SERVICE

DEPENDS UPON EACH DEPARTMENT

UNIVERSITY OF ILLINOIS
URBANA, ILLINOIS

STUDENT DIRECTORY

Departments in Urbana-Champaign

EXPLANATION OF LISTING

This directory includes all students registered in the Urbana-Champaign departments of the University of Illinois on October 15, 1951. Each student's entry shows his college and class, local address and phone number, and home address. A few entries are incomplete because information was lacking on the student's registration card.

College and Class

For undergraduate students class years are indicated as 1 (freshman), 2 (sophomore), 3 (junior), and 4 (senior) following the college or school in which the student is enrolled. Class years are not used for students in the Graduate College or Library School.

Unclassified students (not candidates for degrees) are indicated by "unc"; irregular students (holding degrees but registered for undergraduate work), by "irr". Names of the colleges and schools are abbreviated as follows:

agr.....	College of Agriculture	las.....	College of Liberal Arts and Sciences
com.....	College of Commerce	law.....	College of Law
ed.....	College of Education	lib.....	Library School
eng.....	College of Engineering	pe.....	School of Physical Education
faa.....	College of Fine and Applied Arts	swv.....	Division of Special Services for War Veterans
grad.....	Graduate College	vm.....	College of Veterinary Medicine
jnl.....	School of Journalism and Communications		

Local Address and Phone

Numbers following addresses in Champaign (C.) and Urbana (U.) are Bell telephone numbers. Where no Urbana-Champaign address is given for a student, it may be because he is living in a nearby community and commuting to the campus; if a graduate student, he may be doing work in absentia; or, finally, the student may not have had a permanent local address at registration time.

Streets in Urbana-Champaign that are named after states are abbreviated throughout the student list. Other street abbreviations, as shown below, are used occasionally:

Arm.....	Armory	Greg.....	Gregory	Orch.....	Orchard
Chalm.....	Chalmers	Grn.....	Green	Sprfld.....	Springfield
Dan.....	Daniel	Linc.....	Lincoln	Sto.....	Stoughton
Good.....	Goodwin	Math.....	Mathews	Univ.....	University

Home Address

A dash separates the local address from the home address which follows. Where the name of the state is not given in the home address, it is understood to be Illinois. To save space the state is sometimes omitted after large cities, as St. Louis, Philadelphia, Los Angeles, etc.
